

Earth Drills

JCB hand held Earth Drills are capable of drilling holes from 102mm (4in) up to 305mm (12in) in diameter, depending on the size of the auger flight fitted.

Thanks to its hydraulic drive, this unit has more torque than most petrol engine units, making it strictly a two-man operation.

At the same time, however, the lack of a direct mounted engine makes the tool particularly portable and manoeuvrable, as well as quiet in operation.

It is reversible for easy retraction and features an automatic return-to-neutral controller for added safety.

- Automatic return to neutral safety device
 - Reversible for powering out of ground
 - Diameter hole capacity from 102 to 305mm
- Optional Items**
- Various diameter auger flights (see table below)
 - Fittings, couplings, adapters
 - Extension flights

Model name	Earth drills
Model number	929/13400
Capacity mm (in)	305 (12)
Hole depth mm (in)	1220 (48)
Auger flights mm (in)	100(4), 150(6), 200(8), 250(10), 305(12)
Torque Nm (lb.ft.)	295 (217)
RPM lpm	136 @ 20
Weight kg (lb)	15 (34)
Height mm (in)	1295 (51)
Max. pressure bar (psi)	138 (2000)
Optimal flow lpm (gpm)	15 – 25 (3.3 – 5.5) Class C

Earth Drill Accessories

- 100 mm (4") Auger 1.2m Length 929/13407
- 150mm (6") Auger 1.2m Length 929/13408
- 200mm (8") Auger 1.2m Length 929/13409
- 250mm (10") Auger 1.2m Length 929/13410
- 305mm (12") Auger 1.2m Length 929/13411
- 610mm (24") Auger Extension 929/13428
